

Retrospective DME

MORE SAVINGS. DISCOVERED.

Rather than paying fee schedule for out-of-network durable medical equipment (DME) bills, discover more savings through our retrospective DME program. Our program offers savings beyond state fee schedule and usual and customary rate (UCR) on out-of-network DME orders.

At Orchid, we are committed to providing our clients with solutions to save on ancillary services while helping to ensure injured workers receive quality care and services.

Moving Forward. Working Together.

In every step of the recovery process, we work collaboratively with claim professionals, case managers and provider partners to deliver an integrated solution that expedites positive outcomes for injured workers and savings for our clients.
